PROFESSIONAL APPOINTMENTS

Associate Research Scientist, Yale University	2024
Associate Research Scholar, Princeton University	2022
Natural Climate Solutions Carbon Scientist, The Nature Conservancy	2021
Working Lands Innovation Center Lead Researcher, University of California, Davis	2019

POSTDOCTORAL EXPERIENCE

World Wildlife Fund Postdoctoral Research Fellow, University of California, Santa Barbara	2018
National Science Foundation Postdoctoral Research Fellow, University of California, Davis	2016

EDUCATION

PhD	Brown University, Ecology and Evolutionary Biology	2017
BS	University of California, Berkeley, Conservation and Resource Studies	2009
BA	University of California, Berkeley, Public Health	2009

RESEARCH EXPERIENCE

2014 Visiting Scientist – Nitrogen emissions from forested and agricultural soils – Cary Institute
2013 PhD Candidate – Nitrogen emissions from tropical forest soils – Brown University
2011 Research/teaching Assistant, – Nitrogen cycling in tropical agriculture – Brown University
2009 Associate Laboratory Manager – Compost to sequester carbon in rangelands – UC Berkely
2009 Field/lab technician – Using urban gardens to attract native bees – UC Berkeley
2008 Field technician – Cattle grazing influence on grassland flora diversity – UC Berkeley
2008 Laboratory assistant – Biology lab classroom preparation – LA Valley Community College
2006 Field course – Mutualistic effects between ants and scale insects – UC Berkeley
2002 Field technician – Tropical forest rat influence on seed germination and dispersal – UC Davis
